EXPO 7. EDITION

## POST SHOW REPORT 2025

25-27|11|2025 POLAND, WARSAW

**F**  **OOD TECH**  
EXPO

# REVOLUTIONARY TECHNOLOGICAL SOLUTIONS IN POLAND:

Discover FoodTech Expo – the largest trade fair for innovative technologies for the food industry in Central and Eastern Europe.

Food Tech Expo is a key industry event showcasing machinery and technological lines for the food industry, including the dairy, meat, bakery, and beverage sectors. You will find packaging, auxiliary equipment, and production additives that support the development of innovative processing solutions.

## STATISTICS

*“Our company has been participating in Food Tech Expo since the very beginning. It is an important business event for us, providing an opportunity to present the Vemag brand and premiere our products. Cooperation with Ptak Warsaw Expo is excellent from an organizational standpoint. We are very satisfied with the high-quality conferences held during the fair. For us, it is a chance to present ourselves to a wide audience connected with the industry.”*

+ Convenient Payments Up to 30 Days Before the Fair

**MARKETING PACKAGE**  
Ready-made marketing package with VIP invitations for your guests

## WE PROVIDE BOOTH CONSTRUCTION

# INTERNATIONAL INDUSTRIAL INDUSTRY CONFERENCE

An event that brings together leaders of the industrial sector. Discover innovations, trends, and technologies through lectures, workshops, and discussion panels supporting business growth in this dynamic industry.

## Conference: Modern Production – Efficiency, Automation, Savings

In the face of rising costs of raw materials, energy, and labor, as well as increasingly strict environmental regulations, food processing plants are facing the need for rapid process modernization. This year's edition of the conference focused on practical aspects of implementing modern technologies to optimize production – covering energy efficiency, sanitation, digitalization, and legal-financial considerations

## Polska Izba Opakowań

As part of the collaboration, the Chamber also organized a conference titled "Innovative Packaging for the Food Industry," which took place during the fair. The event provided an opportunity to showcase the latest trends, material solutions, and technological innovations in food packaging. It also served as a platform for exchanging knowledge and experience among manufacturers, designers, and packaging users.

## Klaster CPG

"Intelligent Automation and Personalization in Industry – The Future of Production and Packaging"

One of the goals of the conference organized by the cluster was to address topics related to developing innovative products and services within interdisciplinary projects, as well as creating an environment conducive to new business opportunities.

## Eco - Vita

This unique event focused on modern technologies, innovations, and sustainable solutions in the food industry. The goal of the meeting was to connect science, technology, and business practice to jointly shape the future of the food industry – making it more efficient, safe, and environmentally friendly.

Lecture by Katarzyna Bosacka: The presentation drew a full audience, who followed with great interest the content on conscious consumer choices, food quality, and the impact of packaging on health and the environment. Bosacka, known for her reliability, clarity, and ability to present knowledge accessibly, engaged the audience from the very beginning. Participants particularly appreciated the practical tips, references to everyday habits, and numerous examples drawn from the speaker's many years of experience.

# TRADE FAIR MEDALS

This special event offers a unique opportunity to honor companies that, through their activities, products, and innovative approaches, make a significant contribution to the development of the industry and the success of the entire event. The awards presented during the fair highlight the role of enterprises that set trends, raise quality standards, and inspire the implementation of new solutions.

For fair participants, it is also a special chance to establish valuable business relationships with the awarded exhibitors. Visitors can get to know their innovative products more closely, benefit from expert knowledge, and discuss potential future collaborations. It is the perfect moment to be inspired by pioneering projects and discover companies that are actively shaping the future of the industry.

## WHO WE ARE

Ptak Warsaw Expo is the largest trade and congress center in Poland and Central and Eastern Europe, located on the outskirts of Warsaw.

It features 153,000 m<sup>2</sup> of exhibition space across 6 modern halls and 500,000 m<sup>2</sup> of outdoor space. This venue is designed specifically for hosting industry trade events.
